

Screens 1-3

The first three screens are mostly sliding and jumping as fast as possible.

Keep in mind the distance Mega Man is from the spikes when sliding though.

- It is possible to slide into the spikes before the first ladder if you slide too far
- On screens 2 and 3, if you drop straight down from the slide, you will get spiked.
- On screens 2 and 3, if you hold "forward" off the platform, you will go too far and get spiked.
