Cloud Man - Screen 2

Charge the buster. Slide jump going right off the ladder's platform. Full jump then hesitate before sliding to get under the robot.

Full jump off the edge of THAT platform, then release the charge shot at the birds. Remember to continue slide jumping as late as possible to get past the up/downs.

For the drop down, you will likely get hit by the crawling suzy. You can try to back boost off it to gain a little extra speed to reach the end of the platform. Otherwise you can just eat the extra hit.

Otherwise slide jump to the end. The last jump to the right though a normal jump is all you need.

Definitely jump up high to get extra height on the next screen for its tight timing.
