Cloud - Screen 3 Fast Checkpoint

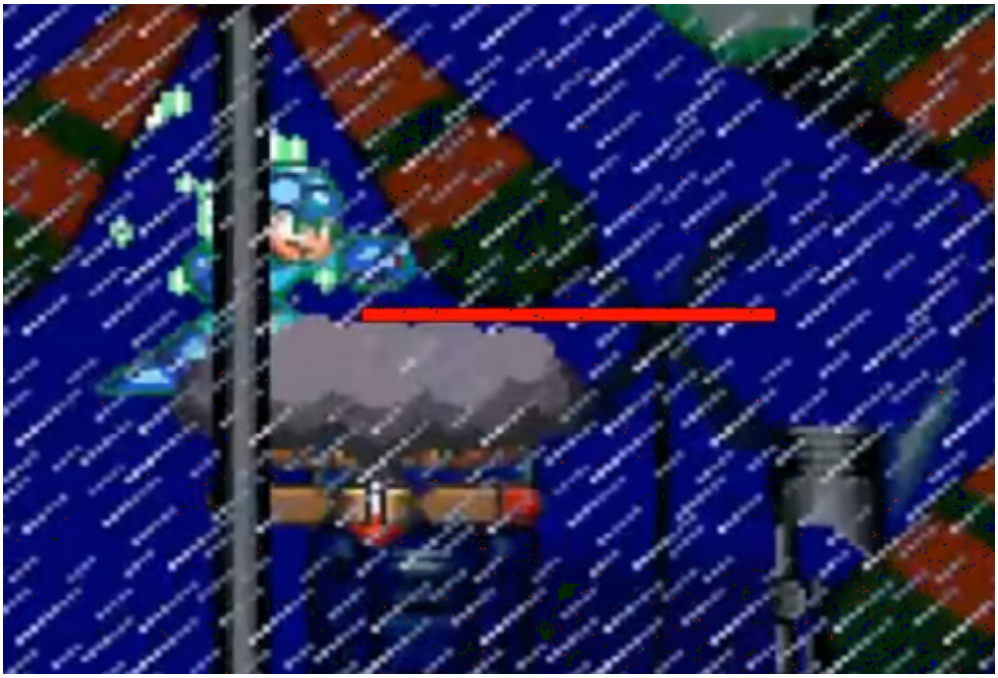

> This screen requires tight movement. If you can't go fast enough, taking a death is very likely. Use caution as needed for your skill level in a no reset situation.

Charge the buster, slide towards the end of the platform. Use a short hop before the end to defeat the floating turret, then full jump onto the cloud. Start charging again.

Get across the next platform to the cloud, destroying the next enemy. Start charging again and wait on the left of the second cloud platform.
